

Jinsi ya kutathmini Wanademokrasia-Soshalisti wa Amerika (DSA) na ushindi wao wa hivi karibuni (2026) katika uchaguzi wa mitaa na kura za mchujo za wabunge?

Zhihu

1. Mtazamo mfupi kwa nguvu hii ya kisiasa

Ndani ya DSA kuna vikundi vingi, lakini kwa msingi ni utamaduni wa mageuzi wa demokrasia ya kijamii: ndani — kuunga mkono vyama vya wafanyakazi, matibabu, elimu na malezi ya bure, kuongeza kiwango cha chini cha mshahara, kupunguza gharama za maisha (kodi n.k.), kuondoa uingiliaji wa mtaji mkubwa katika uchaguzi; nje — kupinga utawala, kupinga mauaji ya kimbari ya Israel huko Gaza. Mtazamo wa DSA kwa China ni tata: baadhi ya vikundi vinaona mfano wa China vyema na kupinga vita vya biashara vya Trump; lakini kuna wakosoaji wa mfano wa kidikteta na uchapishaji wa ubepari wa China. Kuvutiwa kwa DSA na China ni kudogo; kwa ujumla ni mojawapo ya nguvu kuu za kisiasa za Amerika zenye mtazamo mzuri kwa China.

2. Uchambuzi wa sababu za wimbi hili la ushindi

Wagombea wa DSA katika mzunguko huu walishinda mfululizo New York na Colorado, wengi wao dhidi ya wanasiasa wa muda mrefu. Vyombo vikuu vya Amerika vinajadili kuinuka kwa ujamaa kwa kiwango cha taifa, vikilinganisha na kuinuka kwa harakati ya "Chai Party" katika chama cha Republican.

NYC Mayor Zohran Mamdani made three endorsements as the head of the Democratic party's new kingmaker, winning, with two defeating incumbents.
MICHAEL M. SANTIAGO/GETTY IMAGES

Kwa kweli, tangu mgogoro wa kwanza wa kimataifa wa wimbi la ubepari huria mamboleo mwaka 2008, mgawanyiko wa jamii ya Amerika ni dhahiri. Kwa data za mashirika ya utafiti^[1], uwiano wa mapato ya wenye kipato cha juu umezidi jumla ya wenye kipato cha kati na cha chini.

Share of aggregate income held by U.S. middle class has plunged since 1970

% of U.S. aggregate household income held by lower-, middle- and upper-income households

Note: Households are assigned to income tiers based on their size-adjusted income in the calendar year prior to the survey year. Their unadjusted incomes are then totaled to compute the share of U.S. aggregate household income held by each income tier. Shares may not add to 100% due to rounding.

Kabla ya mgogoro wa 2008, wenye kipato cha kati na cha chini waliweza kudumisha kiwango cha maisha kwa deni^[2].

Figure 2: Debt-to-income ratios across the income distribution

Kama picha hapo juu inavyoonyesha, baada ya 1980 uwiano wa deni kwa mapato uliongezeka kwa matabaka yote ya jamii ya Amerika, lakini wenye kipato cha kati na cha chini waliongezeka zaidi. Hasa baada ya 2001, deni lao liliongezeka haraka; wenye kipato cha juu hawakubadilika sana.

Watu wa kwanza kujibu walikuwa raia wa kazi. Harakati ya "Chukua Wall Street" ilionyesha kutoridhika kwamba serikali inaokoa benki si watu. Msaada wa harakati kati ya wanademokrasia na wapiga kura wa kati ulikuwa juu kuliko wa Chai Party^[3].

More Independents Support Occupy Wall St. than Tea Party

Lakini harakati hii ilionyesha hasira tu, ikitarajia wanasiasa kusikia sauti; hakukuwa na mkakati wa mapambano; matokeo yalikuwa sifuri. Baada ya "Chukua", Obama hakusuluhisha tatizo lolote; mageuzi yaliyopendekezwa yalikuwa dhaifu sana: hawakuwasha mrengo wa kushoto, waliwakasirisha wa kulia. Mgawanyiko ulijitokeza katika kura za mchujo za 2015. Trump (Republican) na Sanders (Democrat) awali hawakuwa na msaada mkubwa, lakini kwa maoni yao "makali" zaidi kuliko uanzilishi, walipata wapiga kura, na viwango vyao vikapanda. Chama cha Democrat kilijaribu kuzuia Sanders; chama cha Republican kilikuwa na demokrasia zaidi ya ndani, na hakiwezi kumzuia Trump. Matokeo: Trump alishinda.

Njia ya Trump na Republican ni moja: kuhamisha migogoro ya ndani nje — vita vya biashara na teknolojia dhidi ya China. Lakini, kama tulivyochambua mara kwa mara (tazama: Kuinuka na Kuanguka kwa Mfumo wa Kibepari Duniani (2): Muundo wa Ndani wa Ubepari wa Uzalishaji wa Kimataifa, na: Maana ya kuchapisha tena kwa Trump kwamba maadui wa kweli ni Umoja wa Mataifa na NATO, si China na Urusi?), katika zama za uzalishaji wa kimataifa, uzalishaji wa Amerika unategemea China kabisa; hawawezi kupigana. Hatimaye Trump alijaribu kutumia nguvu dhidi ya nguvu zingine za kupinga Amerika, lakini alishindwa Iran (tazama: Ujumbe wa Iran umefika Islamabad; Trump anasema saa 24 zijazo ni dirisha muhimu; matarajio ya mazungumzo ya Amerika-Iran ni yapi?).

Baada ya kushindwa kwa Republican kuhamisha migogoro, migogoro ya ndani ililipuka. Kama picha hapa chini^[4].

Umaskini wa raia wa kazi unaleta kuinuka kwa mrengo wa kushoto. Kama picha hapa chini^[5].

La kutisha zaidi: kati ya watu wazima wa Amerika chini ya miaka 30, 34% walisema wanapenda ukomunisti^{[6][7]}.

Na katika masuala ya kimataifa, raia wa Amerika hawavumili tena mauaji ya kimbari ya Israel huko Gaza. Tafiti zinaonyesha: 60% ya watu wazima wa Amerika wana mtazamo hasi kwa Israel na viongozi wake^[8].

Pia 60% ya watu wazima wa Amerika wanapinga vita dhidi ya Iran^[9].

Katika hali hii, kuonekana kwa wimbi la wanajamaa katika chama cha Democrat si jambo la kushangaza. Kama Zoran alivyosema katika hotuba baada ya ushindi wa mgombea wake: ushindi wake mwaka jana si bahati. Ushindi wake si mwisho, bali mwanzo wa harakati kubwa. Kwa ufupi: kubwa zaidi inakuja.

3. Utabiri wa matarajio ya harakati

2016, kati ya mrengo wa kushoto wa mageuzi na wa kulia wa kitaifa, kwa sababu mbalimbali, raia wa Amerika walichagua wa kulia. Baada ya miaka kumi ya mizunguko, masimulizi ya kifalme na ya kitaifa ya wa kulia yamekaribia kuanguka. Dola iliyopungua haiwezi tena kuhamisha migogoro nje. Vita vya biashara havijashinda, vya teknolojia havijashinda, vya mnyororo wa ugavi havijashinda; vita vya moto vimepotea kabisa; katika hali hii, jamii inaelekea ndani, kukabili migogoro ya ndani. Hii inaonekana

katika chuki kali ya raia kwa msaada mkubwa wa kijeshi kwa Israel. Raia waliokuwa katika matatizo ya kiuchumi wamechoka na ushindani wa kifalme.

Katika muktadha huu ndipo Zoran na wanachama wengi wa DSA walichaguliwa katika mabunge. Hii inawezekana ni mwanzo wa mageuzi kamili ya jamii ya Amerika.

Katika zama za ubepari wa kiviwanda wa kitaifa, Amerika, kwa utawala wake wa kiviwanda, haikupitia mageuzi ya demokrasia ya kijamii kama nchi za Ulaya Magharibi. Kwa mwendo wa dunia kuelekea nguvu nyingi na kuinuka kwa China na nguvu nyingine, utawala wa Amerika umeisha. Dola iliyopoteza utawala, isipotaka mapinduzi, lazima iende njia ya mageuzi. Kwa mtaji, mageuzi daima ni bora kuliko mapinduzi — haiondoi mfumo wa kibepari moja kwa moja. Kwa hiyo, tunaweza kutarajia: katika muda mrefu, nguvu za ujamaa na za maendeleo kama DSA zitapita kuinuka polepole lakini thabiti. Kupitia mageuzi — matibabu bure, elimu bure — kusuluhisha migogoro ya ndani.

DSA na nguvu za maendeleo shirikishi, kuna uwezekano mkubwa zitabadilisha chama cha Democrat. DSA ni mrengo wa kushoto wa chama; nguvu za maendeleo kati ya DSA na uanzilishi (kama Warren) ni kati; uanzilishi wa zamani unageuka wachache wa kulia. Wenye msimamo wa kushoto wa chini, kuna uwezekano mkubwa watachukua udhibiti. Ikiwa wanademokrasia watakuja madarakani, wanaweza kutekeleza mageuzi: matibabu ya bure ya jumla, kuongeza kiwango cha chini cha mshahara. Uchumi wa mageuzi hauwezi kushindana na uchumi wenye haki za kazi za chini; hata bila mazingatio ya kisiasa, kwa mazingatio ya kiuchumi tu, itabidi kumtenga China. Kwa hiyo katika uhusiano wa nje, Amerika inaweza kujiunga CPTPP, na pamoja na Ulaya na Japan kujenga mzunguko wa biashara unaomtenga China.

Kulingana na hali ya sasa ya dunia, mageuzi bado yanaweza kuonwa kama nguvu ya maendeleo. Amerika ni nguvu kubwa yenye uzito mkubwa na ushawishi wa kimataifa. Amerika iliyobadilishwa na mageuzi, kwa upande mmoja, itaelekea zaidi amani katika uhusiano wa kimataifa; kwa upande mwingine, kwa wafanyakazi wa dunia, kuinua viwango vya haki za kazi na ulinzi wa kimataifa ni jambo zuri.

Kufikia miaka ya 2040, pamoja na kufikia kwa Asia ya Kusini-Mashariki na Asia Kusini hatua ya Lewis, harakati za vyama vya wafanyakazi na siasa za mageuzi zitainuka hatua kwa hatua. Wakati huo, wimbi la mageuzi linaweza kuonekana duniani. Kuinuka kwa DSA nchini Amerika, kuna uwezekano mkubwa ni utangulizi wa kihistoria wa mageuzi ya mrengo wa kushoto duniani.
